In continuous operation since 1880, Shurtape Technologies has a history of entrepreneurship and innovation, from spinning cotton, yarn and twine to our focus today: on making high-quality, high-performing tapes. Our success is built on passion – for our products, for complete customer satisfaction, and for the markets we serve.

We're proud to craft – and supply – the right tape solution for every job. And, we're proud to manufacture many of those tapes right here in the USA*.

PAINT AND MASKING TAPES

CP 27®

Premium grade, medium adhesion 14-Day ShurRELEASE® blue painter's tape for indoor and outdoor masking of multiple surfaces; easy, no-residue removal.

FROGTAPE®

FrogTape® brand painter's tapes are treated with patented PaintBlock® Technology, a super-absorbent polymer that reacts with latex paint and instantly gels to form a micro-barrier that seals the edges of the tape to prevent paint bleed and deliver very sharp paint lines; available in Multi-Surface (green), Delicate Surface (yellow) and Pro Grade (blue) formulations.

CP 105

General purpose grade, medium-high adhesion masking tape for non-critical bundling and labeling.

CP 200

Production grade, medium-high adhesion masking tape for packaging, bundling, holding, splicing, masking and labeling applications.

CP 66®

Contractor grade, high adhesion masking tape for applications that demand quick stick and conformability; a paint and sundries industry standard.

PERFORMANCE MASKING TAPES

CP 650

High performance grade, medium-high adhesion masking tape for industrial use in temperatures up to 325 F.

CF 740

High performance grade, medium-high adhesion masking tape for industrial use in temperatures up to 350 F.

CP 905

High performance grade, high adhesion masking tape with heavy duty backing for industrial use in temperatures up to 350 F.

PAPER TAPES

FP 97

General purpose grade flatback kraft paper tape with a synthetic rubber-based adhesive for splicing and packaging applications; meets FDA specifications for indirect food contact.

FP 227

High adhesion flatback paper tape available in a variety of colors, including high-visibility fluorescents. Can be used printed or unprinted for labeling and color-coding tasks on a variety of surfaces, including vinyl, metal, glass, plastic and rubber. All colors except fluorescent conform to ASTM D-4236.

CONTAINMENT TAPES

DS 154

Professional grade, double-sided containment tape used as a one tape, one step solution for creating high-performance containment systems.

CP 327

Premium grade blue containment tape offering durability and a strong hold for restoration and abatement jobs; for interior or exterior use.

PC 608

Contractor grade, co-extruded poly-hanging duct tape offering high tack and exceptional performance when building containments for remediation, restoration and abatement jobs.

DUCT AND GAFFER'S TAPES

PC 6

Economy grade, co-extruded cloth duct tape offering good conformability and easy handling for non-critical, general use applications; 6 mil.

PC 9

Contractor grade co-extruded duct tape for use across a variety of applications, surfaces and weather conditions; 9 mil.

PC 622

Premium grade, 14 mil cloth duct tape used in stucco masking, as well as applications that require a highly conformable, strong tape.

T-Rex® /PC 745

Super-tough, premium co-extruded cloth tape for all-weather use on rough surfaces, for heavy duty repairs, and can also be used as a bottom board tape in the manufactured housing industry. A "monster" of a tape, 17-mil T-Rex® / PC 745 Ferociously Strong Tape® combines a waterproof, reinforced backing with twice the adhesive to deliver unrivaled staying power.

P- 628

Professional grade gaffer's tape for general applications in the convention, hospitality, exhibition, trade show and A&E industries.

P- 660

Professional grade gaffer's tape available in a variety of matte-finish, highly visible fluorescent colors; will fluoresce under black light.

PC 665W

Professional grade gaffer's tape for applications that demand clean removal and water resistance; hand-tearable and conformable for easy use.

HVAC TAPES

DC 181

UL 181B-FX Listed and printed film tape for use on Class 1 Flex Duct in temperatures from -10 F to 210 F.

PC 857

UL 181B-FX Listed and printed cloth duct tape used in the HVAC industry to seal, seam and join Class 1 Flex Duct.

PC 858CA

UL 181B-FX Listed and printed cloth duct tape used in the HVAC industry to seal, seam and join Class 1 Flex Duct; PC 858CA is California Energy Commission (CEC) approved.

PACKAGING TAPES

HP Series

Ranging from 1.6 mil general purpose to 3.4 mil extremely tough options, HP Series hot melt packaging tapes combine an aggressive, high-tack adhesive with Hold Strong® technology to keep carton seals intact. HP Series packaging tapes are recommended for manual and automated industrial sealing of light to heavy weight cartons in a range of case sealing environments. Also available in specialty formulations for cold temperature environments and for sealing recycled cartons.

GS Series

GS Series strapping tapes offer light to heavy duty performance for strapping, packaging, bundling and palletizing applications; fiberglass reinforced for added strength and durability.

WP 100

Economy grade reinforced paper tape with water activated adhesive for sealing light- to medium-weight cartons.

SPECIALTY TAPES

DF 545

Double-coated cloth tape for securing carpet and pad in the hospitality industry, and can also be used for general purpose hanging and splicing applications.
